

COVID – 19 UPDATE

Message 17 | May 7, 2020

**Mother's Day ~ May 10th ~ Make her day!**

Roses are Red Violets are Blue – I'm so lucky to have a mom like you.

Show your mother how much you value her strength and love – connect by phone or virtually. Share your love by distancing. You may want to send your love with flowers or send a gift card. Our local businesses would appreciate the business and your mom would appreciate a gesture that makes her feel loved. Flowers and gifts make you feel special and no one is more special than a mom.

Remember: be kind, be calm, stay home and stay safe!
