Community Connects being held in Hanover April 9th

HANOVER, ON – In partnership with Hanover Public Library, Community Connects will be held on Wednesday, April 9, 2025, at 5:00 pm in the Community Hall at the Hanover Civic Centre. This public information session is a great opportunity to join Mayor Sue Paterson, Hanover Council members and Town Department staff representatives to learn what is upcoming, as well as to ask questions about Town initiatives.

“Council, staff and I look forward to interacting with our residents, community members and business owners during this information session,” shared Mayor Sue Paterson. “Our strategic plan includes a recommendation within our Open and Responsible Government goal to host a Town Hall community information session with Council and senior staff. This is our first session, and we are pleased to partner with the library to implement it.”

The session will include an overview of Town initiatives from Mayor Paterson, reflection from council members with respect to their political role and department 2025 highlights from administration, building and planning, economic development, finance / corporate services, fire, parks, recreation and culture and public works staff. It will be informative and interactive for attendees.

It is recommended that you pre-register at Hanover Public Library for the session, although drop in will be permitted pending space. Wightman TV is recording the session and it will be scheduled for viewing on their Community Channel at a future date.

For more information about the session or to pre-register, drop by or contact Hanover Public Library 519-364-1420.
