

FAILED SCREENING RESULTS

This organization has implemented temperature scanning and screening to identify people who have elevated body temperatures (a fever) or other symptoms which are consistent with COVID-19.

IMPORTANT NOTES:

This is not a medical evaluation.

Not everyone who has a fever or any of the indicated symptoms has COVID -19. However, a fever and/or the indicated symptoms are frequently associated with the COVID-19 virus. To protect everyone who works at or attends this facility, staff, contractors, and visitors with elevated body temperatures or symptoms consistent with COVID-19 are not permitted to enter this facility.

The screening process has not been passed. Therefore, out of an abundance of caution, we are not permitting you to enter the facility today. Please contact your supervisor to inform them.

You are to return home, monitor your symptoms, contact your personal healthcare provider for further direction / advice.

Please do not return to any Town facility until you meet ONE of the following pathways defined below:

Path 1: You have been evaluated by your healthcare provider and they have determined clinically that you do not have COVID-19 and you have provided the appropriate documentation from your healthcare provider to Human Resources or your Town host.

Path 2: You have obtained a negative COVID-19 test and have been symptom-free for 24 hours.

A confirmation of negative test results must be provided to Human Resources or your Town host.

Path 3: You have isolated at home for 14 days since the onset of symptoms and have been symptom-free for 24 hours.

If you need to open a medical leave as a staff member – please contact Town of Hanover, Human Resources Department at 519-364-2780 ext. 1250.

Your health and safety is our top priority. Please take care of yourself and your family.
