Hanover's Age-Friendly Business Recognition Program

The Age-Friendly Business Recognition Initiative was developed to help local businesses assess if their environment is set up to serve everyone. This program provides tools and resources to help owners/operators to identify, promote and improve their Age-Friendly features with the help of the Age-Friendly Resource Guide, and the Age-Friendly Business E-Learning video.

How to get started

Review the Age-Friendly Business Resource Guide & E-Learning Video online at (hanover.ca/our-community/age-friendly-hanover). This is a great first step to understanding the importance of becoming Age-Friendly and how you can evaluate your own business. Performing the self-assessment will increase your awareness and help you get started in making your business safer, more comfortable and attractive to older customers.
